

# Advanced Vascular Surgery: Anatomical Approaches Workshop

Wednesday 11 October to Thursday 12 October 2017

The ANZSVS 2017 Conference is being held in Perth from 13 - 16 October 2017. Immediately preceding the Conference, CTEC's two day workshop with 100% dissection time will provide surgeons and trainees with the opportunity to learn new skills and practice performing unique and complicated vascular exposures crucial for vascular training.

The workshop utilises superior teaching models -fresh frozen cadavers which have undergone arterial gelatine injection to enhance arterial/venous discrimination. There will be two participants per cadaver.

Pre-reading will be provided so all workshop time is spent on dissection.

The sessions are fully interactive with an emphasis placed on knowledgeable

faculty who provide superior training and immediate feedback in a practical and controlled workshop environment. An Anatomist will be part of the Faculty to assist with immediate advice and guidance.

## Workshop Content

Examples of exposures which will be included are:

- Thoracoabdominal
- Thoracotomy
- Distal internal carotid with mandibular subluxation
- Vertebral
- Retroperitoneal aorta
- Lateral popliteal
- Major visceral arterial and venous exposures

Please note that this workshop will not cover techniques of vascular surgery nor commonly used approaches to the abdominal aorta, carotid and common femoral which is covered in other courses.

CTEC acknowledges the support of the following:

Government of **Western Australia**  
Department of **Health**

**Medtronic**

**Boston Scientific**  
Advancing science for life™

**Cordis**  
PART OF THE Johnson & Johnson FAMILY OF COMPANIES

**VASCUTEK**  
TERUMO

## Convenor

Clinical Associate Professor  
Shirley Jansen

## Suitable for

Consultants, Advanced and Intermediate Vascular Trainees. Consultants & Advanced General Surgical Trainees. Limited positions are available for Theatre Nurses in assisting and scrubbing for workshop participants.

## Workshop Inclusions

- Online pre-reading
- Fresh frozen human cadaveric dissection
- All meals and refreshments

## Accreditation

This educational activity has been approved in the RACS CPD Program. Fellows who participate can claim 1 point per hour (to a maximum of 16 points) in Maintenance of Knowledge and Skills.

## Venue

CTEC  
The University of Western Australia  
Entrance No.2 Hackett Drive, Crawley  
Perth, Western Australia

## Fees

Full Fee: \$3630  
WA Health Employee Fee: \$3030  
Full Fee Observers: \$1105  
WA Health Employee Observers: \$925  
Theatre Nurses: Free of charge
