Invitation

Dear Colleagues and Friends,

It is my great pleasure to bring to your attention that the UIP Chapter Meeting: Seoul UIP 2015 is being prepared to serve as a significant venue for the exchange of ideas and exploration of strategies addressing current issues in the field of Phlebology, with internationally renowned vein care leaders and young professionals. The Congress will give you the opportunity to learn about the recent clinical trials and experimental studies. We are confident that this Congress will provide a platform for every participant to broaden his or her professional horizon through keeping abreast of the latest knowledge and developments in Phlebology.

We are making preparations doing our utmost for a successful and productive gathering that can attract more participants than ever before. We hope you can share your experience and expertise with other participants while expanding friendship and enjoying a wide range of cultural and social activities during this meaningful Congress.

The Seoul UIP 2015 Organizing Committee needs your active participation to provide rich content for the Congress. We look forward to meeting you in the summer of 2015 in Seoul, Korea, a country bustling with energy and hope.

Thank you.

Sincerely,

Dong-ik Kim, MD
Chairman
UIP Chapter Meeting: Seoul UIP 2015 Organizing Committee

Korea, Your Destination for 2015!

Korea in Northeast Asia is a nation that boasts a fast growing economy and a lifestyle that brings together the old and the new.

Despite their strong enthusiasm for modernization and globalization, Koreans still greatly value their 5,000 years of history and beautiful nature, making the country an attractive destination for business travelers and vacationers alike.

Korea has proved its economic growth and international competence as a global leader to the world, hosting numerous international events including the Olympic Games, the FIFA World Cup, the G20 Seoul Summit and the Nuclear Security Summit.

It is also home to many world-renowned artists and athletes, as world champion figure skater Yu-Na Kim and singer and rapper PSY who created an international sensation with 'Gangnam Style.' 'Hallyu,' also known as the 'Korean Wave,' is Korean pop and traditional culture, growing its popularity overseas. Famous spots that appeared in Korean dramas and movies attract foreign visitors all year around. Korea's long heritage and inspiring scenery impress all visitors with its uniqueness and charm.

Seoul, Soul of Asia!

Seoul, Korea's capital, which has been selected as the 3rd must-visit tourist destination by the New York Times, is an exotic place with old traditions and modern trends coexisting in harmony.

With a population of more than 10 million, Seoul is graced by the Han River that flows through the center of the city and the majestic Mt. Namsan that overlooks the whole city. The city has greatly expanded in the process of urbanization and industrialization.

Participants of the Seoul UIP 2015 will be able to join the unique Seoul experience in 2015 - a special time and place to feel the Soul of Asia.
