## Seoul, the Hosting City

Seoul is the heart of Korea's culture and education as well as politics and economy. It is home to many old historic sites such as Gyeongbokgung and Changdeokgung Palaces, and places of traditional culture such as Bukchon Hanok Village, Insa-dong, and Namdaemun Market.

The Hangang River, which runs through the center of the city, is also a distinctive landscape of Seoul that offers a myriad of resting areas for citizens.
