

B 会場

総会日程 第 1 日 (5 月 14 日 木曜日)

9 : 00~17 : 00 International Symposium

9 : 00~11 : 50 **Session 1** Endovascular Aneurysm Repair (大動脈瘤ステントグラフト手術)**Chair: Shin Ishimaru** (Toda Chuo General Hospital)**Takao Ohki** (Jikei University)

INT1-1 Indication and Initial Result of Endovascular Aneurysm Repair (EVAR) Utilizing Commercially Available Devices

Hitoshi Matsuda (National Cardiovascular Center)

INT1-2 Endovascular Aneurysm Repair

Jon S. Matsumura (Northwestern University, U.S.A)

INT1-3 EVAR -- Is it Available for most of Japanese AAA patients?

Atsushi Kitagawa (Kobe University)

INT1-4 Studies with Dynamic (Real Time Pulsations) CT and MR Scans and the Possible Consequences for Stentgraft Design and Clinical Outcome

Frans L. Moll (St.Antonius Hospital, the Netherlands)

INT1-5 The value of Intravascular Ultrasound for EVAR

Katsuyuki Hoshina (Morinomiya Hospital)

INT1-6 Endovascular Abdominal Aneurysm Repair—Intraoperative Sac Pressure Measurement and Aneurysm volume measurement

Hiroyuki Ishibashi (Aichi Medical University)

INT1-7 Endovascular Aneurysm Repair--15 Years Experience Aortic Endografts

Thomas Umscheid (HELIOS William Harvey Klinik, Germany)

INT1-8 Have Endovascular Therapy Decreased Resident's Experience with Abdominal Aortic Aneurysm Repair?

Kiyofumi Morishita (Hakodate Municipal Hospital)

INT1-9 Strategies and Techniques For Precise Endograft placement in TEVAR

Dieter Raithe (Klinikum Nuernberg sud, Germany)

INT1-10 Is Primary Entry Tear Coverage Adequate Treatment in Patients with Chronic Type B Dissection?

Karthikeshwar Kasirajan (Emory University, U.S.A)

INT1-11 Endovascular repair of Thoracoabdominal Aneurysms utilizing a Branched Stent Graft

Takao Ohki (Jikei University)14 : 30~17 : 00 **Session 2** Current Treatment for PAD in Asian (アジアにおける末梢血管疾患治療の現況)**Organizer: Hiroshi shigematsu** (Tokyo Medical University)**Chair: Keishu Yasuda** (Hokkaido Chuo Rosai Hospital)**Yu-Qi Wang** (Shanghai Medical University, China)

INT2-1 Current Status of Peripheral Vascular Diseases in Turkey

Zeki Talas (Istanbul University, Turkey)

INT2-2 Changing Pattern of Treating Buerger's Disease in India

Vivekanand (Bhagawan Mavaveer Jain Hospital, India)

- INT2-3 Bypass First Strategy for Critical Ischemic Limb with Infrainguinal Arterial Lesion
Nobuyoshi Azuma (Asahikawa Medical College)
- INT2-4 Current Treatment of Atherosclerotic and Non-atherosclerotic Peripheral Arterial Occlusive Diseases
Seung-Kee Min (Seoul National University, Korea)
- INT2-5 Distal Bypass for Critical Limb Ischemia in Patients with End-stage Renal Disease
Kunihiro Shigematsu (University of Tokyo)
Chair: Young Wook Kim (Samsung Medical Center, Korea)
Paresh R. Pai (The Vascular Clinic, India)
- INT2-6 Hybrid Peripheral Arterial Intervention
I-Hui Wu (National Taiwan University Hospital, Taiwan)
- INT2-7 Initial Experience of the Endovascular Intervention for the PAD Patients with Infrainguinal Region.
Kiyohito Yamamoto (Nagoya University)
- INT2-8 Below Knee Angioplasty with Low Profile BTK Balloons: a Single Center Experience
Guo Daqiao (Fudan University, China)
- IINT2-9 Exercise Training for Intermittent Claudication
Ikuo Sugimoto (Aichi Medical University)
- INT2-10 Current Treatment of Peripheral Arterial Diseases: Our Experiences in Bangladesh
Enamul Hakim (National Institute of Cardiovascular Disease, Bangladesh)
- INT2-11 Differential Survival and Proliferation Responses of Vascular Smooth Muscle Cells (SMC) and Endothelial Cells (EC) Towards Different Cycles of Supercooling and Re-Warming
Wai-Ki Yiu (Queen Mary Hospital, Hong Kong)

17 : 00~18 : 10 Annals Vascular Disease シンポジウム
